How the Preferred Provider Organization (PPO) Plan works

Your PPO plan works the way you want it to. You can choose your own provider under either tier and you can move between tiers at any time.

This resource guide provides an overview of your plan. Details of your plan can be found in your employer’s plan Summary Plan Description (SPD). If there are differences between this document and your SPD, your SPD will prevail.

The benefits provided under the participating and non-participating tiers are not the same.

Contact Permanente Advantage as soon as possible after an emergency department admission. See page 6 for any pre-certification requirements.

Emergency care is covered at the Participating Provider Tier benefit level, and you will be responsible only for the Participating Provider Tier copay or coinsurance, regardless of where you seek care.

Claims

Generally speaking, when you have care under the Participating Provider Tier, you will not have to file a claim. That is handled by your provider. You may be required to pay the full amount you are charged when you receive care from a non-participating provider. If you are asked to pay out-of-pocket, you must submit three items to be reimbursed.

1. Completed claim form

- Name of the patient
- Patient’s ID number (on each page of the document)
- Date of service

2. Itemized bill from your provider (please contact your provider and request the itemized bill)

- Services provided (procedures performed, with CPT codes)
- Diagnosis with ICD code
- Amount charged for each service

3. Proof of payment (one of the following)

- Credit card receipt
- Bank statement
- Copies of your original check (front and back)

To obtain medical claim forms, go to coloradolevelfunded.kp.org or call Customer Service at **1-800-401-8405** (TTY 711).

If the claim submitted is complete you will receive an Explanation of Benefits (EOB) that will show you a breakdown of the charges and payments for your visit and will also show how much you are responsible for paying, as well as your deductible and out-of-pocket maximum.

If your claim is denied

If your claim is denied, in whole or in part, you will receive detailed written information on the EOB document you receive. You have the right to file an appeal if you disagree with the decision not to authorize medical services or drugs, or not to pay for a claim. Read your Summary Plan Description (SPD) for more information.

Getting care away from home

You are covered to receive care for emergency illness or injury anywhere in the world, regardless of provider. Use this checklist before you get care away from home. A little planning makes a big difference. Plan now for a healthy trip.

- Contact your doctor if you need to manage a condition during your trip.
- Refill your prescriptions to have enough while you're away.
- Make sure your immunizations are up to date, including your yearly flu shot.
- Bring your health insurance ID card. It has important phone numbers on the back.

Glossary

Preventive care

With most plans, preventive care is at no additional cost to you when you access a provider in the Participating Provider Tier. If you receive preventive care services through a non-participating provider you may have to pay the full cost of services and submit a claim for reimbursement. Additionally, a copayment, deductible, and/or coinsurance may apply.

Preventive care includes routine physicals, well-child visits, and certain screenings and tests (such as mammograms). So there's no need to delay making your first appointment with your doctor.

Sometimes, the doctor will want to do something that is not preventive care. For example, during your routine appointment, the doctor may find a mole that needs to be removed for testing. Because that's not covered as preventive care, you will be asked to pay a copayment, deductible, or coinsurance for the service. In most cases, you will get a bill in the mail for such additional, nonpreventive services.

Types of Cost Share

Here are different types of costs (such as copays, coinsurance, or deductibles) you may be required to pay under your plan.

Copayments (copays)

The specific dollar amount you pay for a covered service (e.g., nonpreventive office visit) every time that service is provided. Copayments vary depending on your plan and count toward your annual out-of-pocket maximum for most services.

Coinsurance

The percentage of charges you pay for a covered service. For example, if your coinsurance is 15 percent and your allowed office visit cost is \$100, then you pay \$15 and the health plan pays \$85. Services are often subject to a deductible. Coinsurance varies according to your plan. Coinsurance payments also count toward your annual out-of-pocket maximum for most services.

Nearly all plans have copayments or coinsurance. A copayment or coinsurance may be owed on the day you receive services, for each visit, even if multiple visits occur on the same day.

Out-of-pocket maximum

The maximum amount you pay out of pocket each plan year for most covered services. Once you meet your out-of-pocket maximum, you won't pay anything for most covered services for the remainder of the plan year. For a detailed description, including any cross accumulation of your out-of-pocket maximum between tiers, see your Summary Plan Description. Fees, penalties, or balance billing won't count toward your out-of-pocket maximum.

Deductible

The set amount you must pay each plan year for covered medical services before the health plan begins to pay its share. Not all services may be subject to the deductible. Deductibles vary depending on the plan you have.

Once you have met your deductible, you will be required to pay only the applicable copayment or coinsurance for most covered services for the remainder of your plan year until you reach your out-of-pocket maximum. Certain conditions may apply.

If you have a deductible, you will be billed for the full allowed amount for each service that is subject to the deductible during check-in or after the service via mailed bill. You may also receive an estimate of your charges before your office visit for certain services, and you may choose to make a deposit payment based on that estimate.

Balance Billing

This may occur when you are billed for any charges above the maximum allowable charge set out in your Summary Plan Description. There is no balance billing in the Participating Provider Tier. **You may be balance billed for services received at the Non-Participating Provider Tier.**

Maximum Allowable Charge

For providers in the Participating Provider Tier, the maximum allowable charge is the negotiated contracted rate agreed upon to provide discounts for covered services.

For all other providers, it is the lesser of the usual, customary, and reasonable (UCR) charges and the actual billed charges.

When you go to a provider or facility or receive services in the Non-Participating Provider Tier, you may be balance billed for any amount in excess of the maximum allowable charge. It is important that you understand that you are responsible for 100% of all amounts balance billed, and that payments of a balance bill do not count towards your deductible or out-of-pocket maximum.

Usual, Customary, and Reasonable (UCR)

The general level of charges made by other providers for specified covered services within the area where the charge is incurred.
